Slide Guitar Extension Nut

Brand:
Product Code: 710
Availability: 2
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Price: € 14,00?

Description
Designed to fit over a standard 6-string nut, this extender raises the strings to allow playing with a steel bar, Dobro-style.

There's no need to modify the instrument or install a new nut; simply remove it for standard playing. The extension nut is made of nickel-plated steel, and is notched for 43.66mm string spread.

Advantages:

1. simple to use

2. doesn't damage the guitar

3. direct improvement on tone

4. makes slide playing so much easier
